INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Members of the Board of Directors
Foothills Community Church
Seneca, South Carolina

We have reviewed the accompanying financial statements of Foothills Community Church (a nonprofit organization), which comprise the statement of financial position-modified cash basis as of December 31, 2019, and the related statement of activities-modified cash basis, statement of cash flows and statement of functional expenses – modified cash basis for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with the modified cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with the modified cash basis of accounting.

Basis of Accounting

We draw attention to Note 1(b) of the financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

(a) Nature of Activities

The mission of Foothills Community Church (the “Church”) is to help people find and follow Jesus. Everything done by the church revolves around helping people meet Christ and helping them grow in that relationship. Members, in return, provide financial assistance to the church through monetary donations.

(b) Standard of Accounting and Reporting

The financial statements of the Church are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP) in the United States of America. The modified cash basis differs from GAAP in that certain revenues are recognized when received rather than earned and certain expenses are recognized when paid rather than when the obligation is incurred. Short-term items are recorded when cash levels change, meaning that nearly all elements typically on an income statement are recorded using the cash basis and accounts receivable are not recorded on a statement of financial position. The Church does not record depreciation and typically does not capitalize assets outside of major expenditures. Exact standards do not exist for the modified cash basis however, consistency in reporting should be applied.

(c) Net Asset Accounting

The Church classifies revenues and contributions, expenses, gains and losses into two classes based upon the existence or absence of donor restrictions.

Net Assets Without Donor Restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the organization, the environment in which it operates, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of operations.

Net Assets With Donor Restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor’s instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the organization must continue to use the resources in accordance with the donor’s instructions.

When a donor’s restriction is satisfied, either by use of the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

(d) Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from these estimates.

(e) Cash and Cash Equivalents

The Church considers all money-market, time deposit and other investments with remaining maturities at purchase of less than three months to be cash and cash equivalents.

(f) Concentration of Credit Risk

The Church maintains checking/saving accounts at two financial institutions that insure cash balances up to \$250,000 through the Federal Deposit Insurance Corporation. As of December 31, 2019, the Church held funds totaling \$69,062 in excess of the limits resulting in cash balances that are not supported by deposit insurance.

(g) Property, Plant, and Equipment

Equipment, buildings, and land are all recorded on the statement of financial position at cost or appraised value. The original building is recorded at appraised value based upon an appraisal received in 2007. The second phase of construction was recorded at cost since adequate records were available. Since the modified cash basis is used, accumulated depreciation is not displayed on the statement of financial position. Land is considered a non-depreciable asset and is also carried at the 2007 appraised value.

(h) Donated Services

If the Church receives donated services requiring specific expertise, the amounts are recognized in the financial statements at the rates customarily charged for the services. Although no amounts were received that met this recognition criteria during the year, numerous volunteers have donated their time and services to the programs and activities of the Church.

(i) Advertising

The Church expenses advertising as incurred. Advertising expense for the year ended December 31, 2019, totaled \$14,879.

(j) Income Taxes

The Church is a not-for-profit organization that is exempt from federal and state income taxes under section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes is reflected in the accompanying financial statements. The Church is not classified as a private foundation.

The Church follows guidance prescribed by the Financial Accounting Standards Board ASC 740-10 regarding uncertainty in income taxes recognized. The application of this guidance has no impact on the Church's financial statements.

NOTE 2 – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of December 31, 2019 are:

<u>Financial Assets</u>	
Cash & Cash Equivalents	\$ 569,066
Total Financial Assets	<u>\$ 569,066</u>
Less Financial Assets held to meet donor imposed restrictions (Note 6)	\$ (108,934)
Less Financial assets held as agent (Note 4)	<u>(34,166)</u>
Amounts available for general expenditure within one year:	<u><u>\$ 425,966</u></u>

As part of the liquidity management plan, the Church maintains all funds in bank accounts so they are easily accessible. Most routine expenditures are satisfied through the regular tithing by Church members. The Church sets aside additional funds in a separate bank account, the reserve account, to be available for major, non-routine expenditures. During the year, the Church increased the reserve account by \$27,565 resulting in a total reserve balance of \$356,479 as of December 31, 2019.

NOTE 3 – OTHER ASSETS

The Church received two parcels of land from a member of their congregation. The parcels are available for sale and are carried on the books at the original appraised value.

NOTE 4 – FUNDS HELD AS AGENT

The Church receives contributions from individuals on behalf of the Munich International Community Church ("MICC"), an unrelated organization. Contributions received are not reported as revenue but are booked directly as a liability. As of December 31, 2019, the Church held \$34,166 on behalf of MICC.

NOTE 5 – NOTES PAYABLE

As of December 31, 2019, the Church had a note payable outstanding secured by the Church property located at 505 Bountyland Rd, Seneca, SC, with a balance due of \$988,112. Principal and interest payments of \$27,771 are payable monthly with interest accruing at 3.85%. The total amount of interest paid during 2019 was \$49,367.

See Independent Accountants' Review Report.
